Malcolm X Library Infrastructure Improvements

This week, the City Council voted unanimously to approve the Community Development Block Grant (C.D.B.G.) funding toward Neighborhood Infrastructure Projects. Among the community infrastructure improvements is \$500,000 toward a new **Teen Technology Center** at the **Valencia Park/Malcolm X Library**.

New Teen Tech Center

With the support of the community, Public Works Department, and Consolidated Plan Advisory Board, the funding will be dedicated to create a new Teen Technology Center within the library. The funding will cover the costs of electrical work, IT infrastructure and installation of new technology equipment. In addition to a \$1 million donation from the Legler Benbough Foundation for new computers and a studio. The project will include a STEM focused Innovation, Design, Education and Arts (I.D.E.A.) Lab, 3-D computer center, and recording studio where teens can expand their knowledge of graphic design, media production, and increase their overall computer literacy.

Other neighborhood upgrades in District 4 include funding toward Martin Luther King Jr. Recreation Center and Pool Improvements for \$519,000 and Southeastern Police Division Improvements for \$676,000.

Councilmember Cole along with Mayor Faulconer, Councilmember Kersey and community partners discussed the impact of the C.D.B.G funds in the City of San Diego at a press conference outside Malcolm X Library.
